The Haliburton Highlands Chamber of Commerce

THIS IS FAREWELL COLUMN

No we don't mean farewell to the Chamber - just to this column. After just over three years of appearing in these local papers the chamber column is now being discontinued. When the column first appeared it was greeted with considerable enthusiasm and considered to be a unique inexpensive method of communicating with our membership. It has served that purpose well, but the board of directors have agreed that it is now possibly time for a change. It has been found in a number of cases recently that when it was expected that the membership should be informed on a subject due to its coverage in this column that in fact most had not read it. Some do not read news letters either but at least if we revert to that form of communicating with the membership we can say we did put the information in your hands. We are aware that there are some who read this column faithfully and for their sake we sincerely regret withdrawing it. Hopefully we can create a newsletter you will find just as interesting, and with any luck the post office will not be closed due to strikes so that you will receive it.

NEW IMPROVED COPY SERVICE

As promised the Chamber has added new equipment to provide a new more valuable copy service in the community. A new electric Gestetner is providing clear, sharp copies, while the old one has been retained to produce copy in a second color if desired. An I.B.M. Selectric typewriter has also been acquired so that our staff can prepare copy for you in up to four different type styles. Watch for our newsletter next week which will provide samples of what can be done.

CRIME PREVENTION SEMINAR

Those who attended the Crime Prevention Seminar held last spring insisted we hold another one soon so that their entire staff could attend. Through the kind co-operation of the Minden detachment of the OPP we are pleased to be able to provide a second chance for those that missed this valuable evening. Mark Wednesday, Nov. 15 on your calendar now so you won't forget. You will learn how to avoid losses from bad cheques, fraudulent credit cards, shoplifting and break and entering.

IT'S ANNUAL MEETING TIME

The annual meeting of the Haliburton Highlands Chamber of Commerce will be held this year on October 11 at Wig-A-Mog Inn in the form of a dinner meeting followed by a dance. The board has selected worthy recipients for our annual Highlander of the Year award along with an honorary membership and there is much speculation as to who is to receive these honors. At this time there are fourteen individuals running for twelve positions on the board and we are still open for additional nominations. To throw your name in the ring, or obtain your tickets for this 'social event of the year' contact either the chamber office (286-1760) or any board member of the chamber.

The cost is only \$10.00 per person, which includes one free bar ticket. Due to limited seating we must limit the number of tickets that will be sold, so don't put it off and be disappointed.

LOCAL MEMBERS WIN CORDUROY

Hearty congratulations are in order for Father and son in the Dodd family after their victories in the 25th running of the Corduroy here in Haliburton. Because of this being a special anniversary the Can. Motorcycle Assoc. declared this a National Championship event so the wins have rather special significance. Dave Senior won the Veteran event and Dave Junior won the Senior 300 class, which makes him a Canadian National Champion at only 16 years of age. Well done!!

AUTUMN EVENTS

Hard on the heels of a successful Autumnfest dance the Haliburton Kinsmen are holding a Thanksgiving Dance at the Legion on October 7 at which time the draw will be held on the Gremlin and Jeep Truck. Over in Wilberforce it is once again time for their big Autumnfest celebrations at which the big attraction is always the genuine 'OOMPAH' band which entertains both at the Beer Garden and the Dance. This ALL takes place at the Lloyd Watson Memorial Hall in Wilberforce on October 7th.

Fear appointment may harm Minden hospital

County council last week opted to retain the services of Haliburton's Dr. Harry Good as Medical Officer for Hyland Crest Senior Citizens Home and the decision could spell the end of Minden's Red Cross Hospital as it now functions.

At least, this was the concern charge levelled following the meeting of Haliburton County Council by Stanhope Reeve Sinc Nesbitt who had earlier opposed the appointment.

'The Minden Hospital could end up as a sort of medical drop-in centre as a result of this', Reeve Nesbitt explained.

He faulted the failure to appoint a Minden doctor to care for residents of the Minden-based home and said it could seriously damage the continued operation of the Minden hospital and its present functions.

Currently the operations of the Minden and Haliburton hospitals are under study to determine whether or not they should both continue in operation, and what roles each should perform.

While use of Minden's hospital is up some 20 percent over a year or so ago, the additional use it would get if a Minden physician, as opposed to one from Haliburton, was the home's medical officer could be

a vital factor in any decision to continue it on as it is.

Already petitions have been started as alarmed and angry ratepayers seek to block what they view as 'a decision dangerous to the Minden hospital'.

Torches dad's Jeep ...man gets 30 days

A raging Toronto man who had been refused permission to drive his father's new Jeep, made sure no one else could drive it either when he torched it last weekend.

Charged with mischief and breach of probation, Ian Doyle Smith, 24, appeared for a bail hearing in Min-

den Provincial Court Monday, then decided to plead guilty, whereupon Judge John Bark then sentenced Smith to 30 days in jail. According to police the bizarre incident occurred at the Elephant Lake Road cottage of 54 year-old John Smith, a stroke victim and owner of the newly-

purchased Jeep. When Mr. Smith refused to let his son drive the Jeep the irate young man first poured gasoline over the vehicle, then set it on fire. Damage to the Jeep was estimated at \$4,000. Investigation by Provincial Constable Al Bibby.

BILL SCOTT

\$433,398 for Minden senior citizens units

Bill Scott, M.P., Victoria Haliburton said last week he had learned recently that assistance totalling \$433,398 has been made available through the Central Mortgage and Housing Corporation to assist in the construction of 20 senior citizens apartment units in Minden.

This assistance recently announced by Urban Affairs Minister Andre Ouellet has been made available to assist the Ontario Housing Corporation in the construction

of this project. Plans call for 19 one-bedroom units and one two-bedroom unit. This represents 90 percent of the total cost of the 20-unit, walk-up apartment building. The Provincial and Federal Governments will share

equally in subsidizing rent payments, expected to average \$236 per unit per month for these apartments which are to be constructed by Westmount Engineering Construction Company Limited, the lowest bidder, at Highways 121 and 35.

"Positive thinking" lecturer to address Minden meeting

The Minden based 'Bucklin Earth Survival Group' will present a lecture and workshop conducted by Suzanne Benbow this Saturday, Sept. 30 from 10 am to 4 pm at the Minden Community Centre.

During the past year, Mrs. Benbow has lectured and conducted classes in Collingwood for the Simcoe County Board of Education on the topic of Positive Thinking drawn from the Arthur Ford Academy 'Know Yourself' program.

Mrs. Benbow is a graduate counselor of the Arthur Ford Academy (College of Parapsychology).

10 firemen quit...Stanhope Fire Department decimated

Stanhope's highly efficient, award winning volunteer fire department was reduced to a shell of its former self last week with the mass resignation of ten of its senior firemen.

Blamed was internal disension plus personality conflicts.

The brigade was left with just two firemen reliably available to fight daytime fires and both lack experience and full training in operating the department's pumper.

In all, the Stanhope fire department now has just 13 men on its roster, plus the still - suspended fire chief. Early this week Stanhope Reeve Sinc Nesbitt said he felt 'just terrible' about the sudden turn of events, but promised that new firemen would be quickly added to bring the force up to standard.

Those who resigned include: both the president and the treasurer of the Stanhope Firemen's Association; Larry Hewitt and Bob Jennings, both five-year veterans of the force and highly qualified firemen, plus Don Barker, 4 years with the department, Ross Ballantine, 5-1/2 years, Neil Griffin, 5-1/2 years, Harold Barjarow, 5-1/2 years, Bill Cowan, 6-1/2 years, Hector Arsenault, 6-1/2 years, Bob Nangle, 3-1/2 years and Dale MacDonald, 4-1/2 years. All say they would be happy to return if the fire chief goes.

In its brief history since the early 1970's the Stanhope Fire Department had become widely known as one of Ontario's best volunteer fire brigades. Not only did its firemen fight fires, they pitched in to raise thousands of dollars, more than \$20,000 in all, towards their new

fire hall and its furnishings as well as needed equipment.

For their work at great personal risk at the scene of the Hawk Lake culvert collapse 2-1/2 years ago, the Stanhope firemen and their department were awarded the O.P.P.'s Commissioners Citation. That all was not well within the Stanhope Fire Department became publicly apparent late last Spring with the suspension of Chief Dick Kinsman and four senior firemen for a two-month period.

The suspensions stemmed from the earlier firing of the foursome by the Chief who was, in turn, overruled by council.

The four men were: Larry Hewitt, Neil Griffin, Ross Ballantine and Bob Jennings.

It is understood the trouble arose over criticism of Chief Kinsman for what was felt to be lack of training by some, plus animosity between the chief and one of his men who had been involved together in previous business dealings.

Two weeks ago this past Monday Stanhope Council told the five suspended men that suspensions would be lifted and all would be forgiven and forgotten if the Chief would get together with the other four and iron out difficulties between them. Otherwise their resignations would be expected within one week's time, at which time all five could apply to rejoin as firemen.

When the Fire Chief had not called a meeting by a week ago today, and with a 'petition' in circulation amongst the firemen calling for support of Dick Kinsman as Fire Chief, the four firemen

Stanhope Fire Department; First Row: left to right: Neil Griffin, Captain Jack Kinsman, Hector Arsenault, Deputy-Chief Gerald Bain, Gordon Martin, Harry Martin, Elvin Johnson. Second Row; left to right: Ken Martin, Harold Barjarow,

Jack Harrison, Ray Johnson, Chief Richard Kinsman, Captain Ross Ballantyne, Larry Hewitt, Jim Foster, Bill Cowan, Captain James Moore, Dave Johnston.

STANHOPE FIRE DEPARTMENT IN HAPPIER DAYS

in question resigned and were then joined by six others.

Chief Kinsman did not resign, despite council's earlier stipulation.

The sequence of events leading to the resignations, and the resignations themselves, have proved to be a quagmire for Stanhope Council.

A lame-duck council for the past few months following the deaths of two of its most valued members, Stanhope council now consists of Reeve Sinc Nesbitt, Deputy-

reeve Jim Harrison whose two brothers are Stanhope firemen, Councillor Elgin Stouffer and Councillor Elvin Johnson, an appointee and himself a Stanhope fireman. 'It would be wrong to say this doesn't affect the day-to-day operation of the department, particularly daytime calls', explained Reeve Nesbitt. 'But new members are being added to bring the force back to strength'.

However, as two of the newly-resigned firemen point out the department's recent problems are tending to discour-

age potential new members. From 12 to 14 firemen are the minimum needed to fight most fires, the men point out, and while the 10 who have resigned say they would turn out in a real emergency the Stanhope Fire Department must battle blazes with a maximum of 13 bona fide firemen, some relatively inexperienced, with only two who can be counted on to fight daytime fires.

For the resigned firemen their move last week was a bitter pill. Having personally labored along with the

others in a variety of fire department-related projects they already miss being a part of the action.

Some say there are signs that the Stanhope Fire Department's internal problems have created doubt and confusion amongst those responsible for other projects in the township and that many have either slowed down or ground to a halt. While it may be uncertain as to just who has won the day, there is no doubt that the people of Stanhope Township are the real losers.

Let down...badly!

For a number of years now the Stanhope Fire Department has been held in the highest esteem across the Province of Ontario.

In fact, between special citations, leadership in local fire-fighting and rescue techniques plus dedicated, public spirited fund raising, the Stanhope Fire Department has been regarded with great pride as well as envy not only by Stanhope Township itself but the whole of Haliburton County.

Now, at a single stroke the myth has been shattered, the brigade decimated.

The mass resignation of 10 out of 23 firemen is intolerable.

That affairs should have been permitted to get that far out of hand is unthinkable.

We can say that council should have heeded the pleas of their Reeve and acted decisively months ago to end a situation all council members knew even then was way, way out of hand...and we'd be right.

We can say that Fire Chief Dick Kinsman should have demonstrated the leadership and objectivity expected of all fire chiefs and risen above the petty bickering and dissension to himself straighten out what was, after all, an internal problem within his department...and we'd be right again.

We can say too, how improbable it seems that men who stood together as brothers, neighbors and friends in the face of danger and discomfort should so lightly dismiss the relationship...and once again we'd be right.

But, instead, the issue was decided by personal pride and stubbornness, indecision and politicking.

That Stanhope Township must now set about rebuilding its fire department is obvious.

That the people of Stanhope Township were badly let down is equally obvious.

LETTERS

Reader charges "Haliburtonian chauvinism"

24 September, 1978

Mr. W.H. Foote,
Editor,
Minden Progress.

Dear Sir:

THE POSITION of HOUSE PHYSICIAN for THE HYLAND CREST HOME, MINDEN, ONTARIO.

The spectre of Haliburtonian chauvinism has again reared its ugly head; again affecting the future of the Minden Red Cross hospital and its two Doctors.

The Committee of Management for the Hyland Crest Home for the elderly met recently to discuss, among other matters, the position of 'House Physician' for the Home. Their decision to continue retaining a Doctor from Haliburton Town reflects adversely on the personal integrity of the members and their consideration for the elderly in the Home.

The present arrangement is, that the Doctor from Haliburton visits the Hyland Crest Home on one day each week! If there is any incidence of illness, etc. at any other time, the patient is

sent by ambulance from Minden to Haliburton, even for a routine visit. Patients are even taken to Haliburton for routine x-rays! The Minden Doctors have offered the following services:

-One Doctor is on call 24 hours each day and is, therefore, available to examine anyone who is ill in the Hyland Crest Home, immediately.

-Patients can be x-rayed in the Minden Hospital. The Haliburton Doctor is 17 miles from his responsibility, over a winding road, which can be hazardous during the winter months. Any patient taken by ambulance or private vehicle to Haliburton, either for hospitalization or examination will also be subject to this tedious drive and if seriously ill could be adversely affected by the journey, perhaps fatally. The cost of this journey by ambulance \$50.00 round trip (\$25.00 each way). There have been 61 admissions to the Haliburton hospital from the Hyland Crest Home to date of writing, this year!

The most important factor that was NOT considered

by the Committee of Management is that two highly qualified Doctors live within a quarter of a mile of the Hyland Crest Home - Doctor Jeffrey Lodenquai, who has successfully worked extremely hard to regain the trust of the people of Minden and surrounding area in the medical services, and Doctor Antony Holliday-Rhodes who is especially qualified in internal medicine and radiology and has worked for years in caring for the elderly. It is also a very pertinent fact that the Minden hospital is only a mile away from the Hyland Crest Home, with immediate access to a major road artery, highway 35, and is the only hospital with direct access to a major highway between Huntsville and Lindsay.

It is, therefore, apparent that factors other than practical and humanitarian considerations affected the decision of the Committee of Management. It is also sad to hear that the Deputy-Reeve of Anson, Hinton and Minden abstained from voting on this controversial decision of the Committee of Management in spite of

previously having expressed approval in favor of the Minden Doctor, at an Anson, Hinton and Minden Township Council meeting earlier this year. For sheer hypocrisy this is unique! It is also regrettable that the Reeve and Deputy-Reeve of Anson, Hinton and Minden did NOT support the Minden Doctors when the subject of the 'House Physician' for the Hyland Crest Home was discussed in County Council at their last meeting!

Surely the declining population of 'bed use' in the Haliburton hospital, as clearly indicated in the Canadian Red Cross report, should NOT be corrected at the expense of the residents of the Hyland Crest Home, not to mention the additional cost to the Province of Ontario.

The fact that the final decision in regard to the position of 'House Physician' for the Hyland Crest Home has been postponed until the year's end merely tends to confirm that political considerations were the motivation for this very short-sighted conclusion!!! Major G.D.C.M. Lewis, UE, ABS

Think small

by Jim Smith

Geneva, by all accounts, is a magnificent city, blessed with a breath-taking natural setting and outstanding architecture (not to mention some of the world's priciest

hotels). Most Canadians would dearly love to vacation in Geneva. But most Canadians can't afford the trip.

Government officials, of course, are not most Cana-

dians. And they most assuredly can afford the trip. Witness the Canadian contingent which has been residing in the Swiss wonderland for the better part of 1978, keeping their hands in the international trade negotiations commonly known as GATT.

We don't really mind (alright, we mind - but just a little bit) the idea of our hard-working government folks living it up in exotic locales at public expense. What irks us more is the futility of their venture. GATT is designed to plunder the lesser trading nations like Canada rather than establishing a world-wide equality in trade terms.

The GATT negotiations are a form of economic blackmail. The big three trading nations - the United States, Japan and West Germany -

gang up to impose a universal set of tariffs on the lesser nations. The lesser nations are not allowed to enter into side deals concerning exports and imports.

Suppose, for instance, Canada found that there was an advantage in shipping our leather to Taiwan, using Taiwanese manufacturers to turn our leather into shoes, and reimporting the shoes at very low tariff rates. According to GATT regulations, Canada would be required to allow shoes from all other countries into Canada at the same low tariff rate - even though those countries might not be using Canadian leather or helping the Canadian economy.

This sort of all-for-one philosophy works reasonably well for the powerful coun-

tries (GATT assures that their products can get into all the countries which are members of GATT), better for large, sophisticated high-technology corporations (which produce unique goods that are unavailable from other countries) and alright for some developing nations with armies of workers willing to accept pennies an hour (since these nations have a massive cost advantage that allows them to compete no matter what the GATT regulations stipulate). But, for the lesser nations like Canada, GATT steals jobs from Canadians.

The world's philosophy about trade agreements must change, John Bulloch told an international small business convention in Spain this month. Bulloch, President of the Canadian Federation of

Independent Business, argued that countries must start negotiating international trade treaties in one-on-one discussions. Group talks, Bulloch stressed, will always benefit the most powerful trading nations at the expense of the less powerful traders.

GATT is an international confidence game. Unfortunately, we have no realistic alternative to participating in a new GATT agreement at this time. But let's recognize GATT for the fraud that it is, realizing that neither Canada nor any of the other nations signing the agreement will be able to live up to the conditions. Meanwhile, let's bring some of our negotiators home from Geneva; we can't afford the hotel bills.

Investing in safety grows in importance

By Frank Kaplan

When it comes to handling money, our society can be contradictory and puzzling.

On the one side there is the obvious growth and success of lotteries. Governments have tasted the fruits that can be grown on the public gambling instinct and they want more, as witness the latest federal plan to introduce a version of what was considered an illegal and criminally-inspired numbers racket.

Lotteries and their ilk are the most unattractive and illogical use of money yet invented. The odds against winning are ridiculously high. Yet we lay down hard-earned dollars without complaint -- indeed with eagerness.

But there is another side to how we handle money, a facet of the Canadian character that emphasizes prudence and care.

"Maximum safety consistent with reasonable return" is how the investment experts might describe our actions.

The conservative and cautious face pops up in the growth of investment funds which concentrate in mortgages, high-grade bonds and other money market securities carrying minimum risk yet providing regular and secure income.

Judging by some broad statistics I've been looking at, there is little doubt these conservative forms of investment have grown rapidly in the past year or so. It appears that the some dozen Members of The Investment Funds Institute of Canada concentrating on such income and mortgage securities now account for almost a third of the total assets of the 77 Member funds. That adds up to \$600 million, which is about 50% more than a year ago.

The major growth most recently appears to be in funds emphasizing investment in mortgages.

Investment funds are pools of savings managed by professionals in finance. Investment Fund organizations tend to be very responsive to the financial desires of individual Canadians. They usually have available a wide spectrum and varied mixture of investment policies ranging from moderately speculative to the most conservative.

I suspect that the amount of money being channeled into various types of funds at any given time is a good indicator of the public mood towards investing.

This column is prepared by Frank Kaplan, a prominent writer on Canadian business and finance, in association with the staff and information facilities of The Investment Funds Institute of Canada, which represents financial organizations investing more than \$1.85 billion of the savings of over 500,000 Canadians.

THE TOWNSHIP OF STANHOPE APPOINTMENT FOR HEARING

THE CORPORATION OF THE TOWNSHIP OF STANHOPE
Ontario Municipal Board
IN THE MATTER OF Section 35 of
THE PLANNING ACT (R.S.O. 1970,
c. 349),

- and -

IN THE MATTER OF an application by
The Corporation of the Township of
Stanhope for approval of its
Restricted Area By-Law 77 - 15

APPOINTMENT OF HEARING

THE ONTARIO MUNICIPAL BOARD hereby appoints, Monday, the 23rd day of October, 1978 at the hour of one o'clock (Local Time) in the afternoon at the Stanhope Firefighter's Community Hall, North Shore Road, Township of Stanhope for the hearing of all parties interested in supporting or opposing this application.

If you do not attend and are not represented at this hearing, the Board may proceed in your absence and you will not be entitled to any further notice of the proceedings.

In the event the decision is reserved, persons taking part in the hearing may request a copy of the decision from the presiding Board Member. Such decision will be mailed to you when available.

DATED at Toronto this 4th day of August, 1978

Explanatory Note

By-law 77-15

Corporation of the Township of Stanhope

The By-Law applies to the whole of the Corporation of the Township of Stanhope. The By-Law was passed by the Council of the Corporation of the Township of Stanhope, under the authority of Section 35 of the Planning Act, R.S.O. 1970, c. 349, as amended.

The general purpose of the By-law is as follows:

(1) to regulate the use of lands and the character, location and the use of all buildings and structures by specifying minimum lot areas, frontages, lot coverage, dwelling unit size, separation distances and similar concerns so as to produce areas of compatible characteristics;

(2) to prohibit certain uses of land and the erection and use of certain buildings and structures thereon so as to provide protection for the residents against undesirable uses;

(3) to prohibit the development of particular lands that would create an adverse effect on the Township or would jeopardize future orderly development and expansion.

(4) to obtain public input and opinions from individuals owning lands in proximity to any area being proposed for a future change in zoning.

The provisions of the By-law shall apply throughout all of the area within the Corporation of the Township of Stanhope and, after the approval of the By-Law, no land, building, structure, excavation, lot or premise shall be used or occupied, and no building, structure or excavation shall be erected, altered

or made, in whole or in part, for any purpose except in conformity with the By-law's provisions.

The By-Law divides the Corporation of the Township of Stanhope into various Land Use Categories (Zones) in accordance with Plate 'A', Maps 1 and 2 of which there are approximately thirteen (13) Zones.

Plate 'B' of the By-Law lists all of the uses and activities which are permitted in each of the Zone categories. Accessory buildings normally associated with the main use on the lot are also permitted. Generally, the permitted uses in each Zone are as follows:

- OS Open Space Zone - recreational activities, conservation, boat launching and similar activities.
- RU Rural Zone - permanent homes, cottages, farms, parks, schools, churches and similar uses.
- RE Rural Estate Zone - permanent homes
- RR Rural Residential Zone - permanent homes
- HR Hamlet Residential Zone - permanent homes, converted homes, boarding or lodging homes, parks, churches, schools and similar uses
- SR Shoreline Residential Zone - permanent homes, cottages, boat launching facilities, parks and churches
- MH Mobile Home Zone - mobile home
- C1 Highway Commercial Zone - permanent home, convenience store, restaurant, hotel, marine, motel, service station and similar uses
- C2 General Commercial Zone - permanent home, assembly hall, bank, offices, convenience store, restaurant, medical clinic, service shops, retail stores and similar uses
- SC Seasonal Commercial Zone - permanent home, boat storage, boat launching, assembly hall, camp, hotel, lodge, motel, private park, tourist facilities and similar uses
- M1 General Industrial Zone - boat storage, builder's supply, contractor's yard, fuel storage, manufacturing plants, saw mill, workshop and similar uses
- M2 Extractive Industrial Zone - gravel pit, quarry, open storage
- M3 Waste Disposal Industrial - sanitary landfill, dump.

If the particular type of land use or Zone is of a residential nature, then reference should be made to Plate 'C' for specific regulations and standards affecting residential uses.

If the particular type of land use or Zone is something other than residential, then reference should be made to Plate 'D' for specific regulations and standards affecting non-residential uses.

In addition to land uses and regulations referred to above, certain conditions and provisions apply to all lots, buildings and structures, and these, together with definitions are found in Part III of the By-Law.

It is strongly urged that every property owner examine the text and Plates of the By-Law to determine the status of his or her property and note how he or she is affected by the By-Law. The importance of checking the regulations affecting your property cannot be overemphasized.

Notwithstanding the foregoing statements, the By-Law shall not apply to prevent or hinder the continued use of any land, building, structure, excavation, lot or premise, which on the day of passing of this By-Law was legally used, erected or occupied for any purpose prohibited by the By-Law, so long as it continues to be used for that purpose.

Gerald C. Bain, Clerk Treasurer,
Corporation of the Township of Stanhope
P.R. #1, Haliburton, Ontario. KOM 150

Hall's Lake News

Doreen Stinson

Lots of rain and cool nights makes one feel as though the trees will be over their best color before Thanksgiving this year. This next weekend they should be about their most beautiful best as some areas are already showing the deep reds and golds and yellows. Interspersed with the solid greens of the many pines one must see the countryside to really appreciate the magnificent beauty of Autumn.

A nice little congregation attended the 3 pm service at St. Stephen's last Sunday. Mrs. Agnes Taylor provided the organ music and the Rev. David Barker preached a good sermon. Several friends attended and it was nice to welcome them from St. Timothy's in Toronto and the English cousins of the Gartshores over for a visit. Agnes also supplied and arranged the flowers.

According to a study by a Professor of Queen's University some 3.8 million volunteers work an average of five hours per week in Canada, more than 960 million hours in a year, or at least three billion dollars worth of time! I wonder how many hours each of us has contributed to Hyland Crest, Extensicare or our particular Church, Red Cross or the Cancer Committee? I wonder how many new faces and willing hands will volunteer in the coming year?

Sorry to learn that Mrs. George Hunt (Hazel) is ill in the Lindsay Hospital and sincerely hope and pray that she will make a good recovery. Best wishes go out to Mrs. Harvey Bunker (Oliver) who is quite ill, also in the Ross Memorial.

Messages and 'phone calls and friends dropping in continue to bring comfort to a saddened household and we do appreciate your concern. If I do not get around to calling each of you, or seeing you personally please know that we thank you most sincerely. Mr. Eakins, Mr. Scott, Bishop Read of Toronto and so many busy people have taken time out to write to us. Bob Morrow from Hamilton's Board of Control, Dr. George Morrow, Dorothy and Steve Fletcher and Dr. Don Fletcher and his wife Muriel have been so kind. Danielle Green and Tom Montgomery did a marvellous job for us over that Labour Day weekend and Cathy Montgomery and the Rev. Stanley Hills helped out too. How could I have managed without my wonderful sisters who were here on vacation at a time when I needed them? How wonderful to have such good friends and family and neighbors at such a time!

Enjoyed a pleasant visit for afternoon tea from Claudia Say and her husband Syd. She brought me another book to read by David Somerville, called Trudeau Revealed (by his actions and words). I wonder if it is as disturbing as 'Bilingual Today, French Tomorrow'!

Sorry to learn that our famous Stanhope Fire Department has had a serious break-up in its ranks. Evidently 10 of the Crew have stepped out. Looks as though they need to disband, get a new Chief who can get control and get everyone back to the basics of fighting fires, which is what the men volunteered for in the first place. Certainly such a service is needed and we were so darned proud of all you guys -- it just seems such a shame, and that's the way I see it, anyway!

Best wishes for a good recovery go out to Miss Ella Forsyth in Womens' College Hospital, recently flown home from Africa needing medical attention. Her good friend, Elsie Bursey has been spending time in Toronto to be with her.

Congratulations to Mrs. Maron Hounsell who was quietly married on Sunday at the United Church Manse by the Rev. Mr. Miller to Mr. Steve Rose. We wish them all happiness in the future, in their Lutterworth Pines home.

Mrs. Clarence Brooks will be moving to Huntsville at the month-end. She is finding it rather lonely living in the new house back off the Hawk Lake Road. We hope she will find living in a town more to her liking...and wish her all the best.

The Pethicks have just recently returned from a Mediterranean Cruise. They enjoyed seeing all the wonderful sights but found it rather tiring too.

Thanksgiving is a week from next Monday -- Harvest Thanksgiving is being held at St. Stephen's on Sunday, October 8 at 3 pm. The Congregation decided to cancel next Sunday's service because of the special service with

the Bishop in Lindsay to which Rev. Barker will be going as well as other members of the various Anglican churches. Please note this change.

Mr. and Mrs. Cornish of Clinton visited with Mrs. Marjorie Watson recently.

Lovely weather this Monday, cool but lovely and sunny -- yes the trees are beautiful as many couples on their way through attest.

About the Town

with Jeanne Sears

Yet another increase comes in our Hydro January 1st. We will all have to conserve our energy--it is surprising what just turning off lights you are not using and closing off rooms not in use can conserve. If you have electric heating, and close off a room, shove a mat across the bottom of the door; there is a draft that comes from the room.

Last week the Sydney Wests had his brother Alfred and wife visiting them from Troy, Ontario and they entertained the former at PineStone for lunch on the occasion of his birthday.

Congratulations to Miss Dora Dawson who won the Afghan raffled by the Women's Institute and holding ticket #148.

The Mini Card Parties started their winter season at St. Paul's Parish Hall last Thursday afternoon and winners were for bridge, Doris Craig, for cribbage Alice Sedgwick and Joyce Hewitt and for euchre high and low hands Gladys Wruth and Johanna Beattie. These Parties are every Thursday afternoon at 1.30 sharp and everyone is welcome.

June and Ted Johnston and Randy of Scarboro and niece Laurie Kent of Englehart (who is attending George Brown College) spent the weekend with Mr. and Mrs. Fred Wright.

Sir Rodney and Lady Addison of Scotland are enjoying a holiday with Mr. and Mrs. Tom Stephen and family.

Mr. and Mrs. A. Brubacher are away for a few days holiday in Muskoka.

Mr. and Mrs. Ronald Bradt of Swastika visited over the weekend with the Wally Brown family.

Following the morning service at Minden United Church last Sunday morning a presentation of a purse of money was made to Mr. and Mrs. Leslie Prentice. Nina also received Life Membership in U.C.W., a delicious luncheon followed.

Mr. and Mrs. Paul Cockburn of Woodville and Mrs. Roy Cockburn of Beaverton and Mr. and Mrs. Phil Robinson enjoyed a visit with the Voyceys at their cottage at Redstone.

Wedding Bells were ringing over the weekend with congratulations going to these couples, Mr. and Mrs. Stephen Rose (nee Maron Hounsell) and Mr. and Mrs. R.T. Dunsford (nee Pamela Winderover).

Gerald Coulter of Toronto spent the weekend visiting his parents, Mr. and Mrs. Angus Coulter.

Their friends send good wishes to Flo Oster who has been ill and to Nellie Miscio who is now in our area after surgery at Ross Memorial Hospital.

Mr. and Mrs. Wayne Cox are home after a holiday with relatives at Mississauga and a trip to the Niagara area.

The Ted Madills report having a very happy holiday in Bermuda.

Mr. and Mrs. Richard Harrison left for a trip to British Columbia and a cruise to Alaska.

Alice Todd is home after some time spent at Barrie, Collingwood and Wasago.

Bea and Don Berry are home after holidaying in the Parry Sound area.

Several items coming along are Library planning meeting at the Municipal Building October 2, at 8 pm. All youngsters are invited to the FREE Puppet Show upstairs at the Municipal Building October 7 at 3.

Don't forget these people at Hyland Crest Senior Citizens Home who celebrate birthdays in October...Berta Dawson, Sarah Simmons, Thomas Harrison and Nillo Maniken. They might like a visit, a call or even a card.

John and Anne Rockory just home after visiting son Bruce and family in Nova Scotia. They came back home via the United States.

Had some heavy frost so not much growth now. The leaves on maples and other trees are really turning

Minden Kinsmen to attend Sault Ste. Marie conference

by Shawn Hagerman

Fourteen Kinsmen from the Kinsman Club of Minden will be travelling over 400 miles on October 20, 1978 to attend the annual regional Fall Council Conference of their district. This year's conference is being held in Sault Ste. Marie. Over 600 will be attending to conduct regional business and exchange service ideas. Kinsmen is Canada's all Canadian Service Club, and is the only major service club founded in Canada. The Kinsmen Club of Minden is one of 600 such clubs in Canada dedicated to serving the community's needs. The Kinsmen Club of Minden has been active for 22 years, serving the needs of Minden and the community. The Kinsmen are now actively involved in building Minden's new Particpark. The stations are nearing completion and the necessary dredging is underway. The estimated cost of between \$35-40,000 is going to be raised through activities of the Kinsmen coordinated on a shared basis with the government. On a national level Kinsmen donated more than 43.6 million dollars in service work during the last fiscal year. Two of the objects of Kinsmen are to train their members to modern business and professional methods and ethics and to carry on service work in their co-

munity. Young men between the ages of 21 and 40

desiring information on joining a Kinsmen Club may

contact Brian Hamilton at 286-1341.

\$1¼ MILLION PROJECT

MINDEN'S SEWAGE TREATMENT PLANT ALMOST COMPLETE

It's been over a year a-building, but construction of Minden's new sewage treatment plant is almost complete. In fact, the all-new, 1-1/4 million plant is expected to go on stream by early November, if not before, to provide Minden homes and businesses with the village's first real sewage treatment system. Built by Tripp Construction Ltd. of Oshawa, the new cement block and poured concrete plant consists of a main building plus an adjacent sewage treatment structure and uses an aerobic rather than an anaerobic sewage treatment process. Entering the 70-foot diameter sewage treatment plant, incoming sewage first has any grit removed in special grit removal channels. It then goes into an aerator-

digester where it is broken down, then on into the main building and a clarifier or settling tank where sludge settles to the bottom to be pumped out and trucked away. Meanwhile the remaining effluent goes through a final filtering process before being pumped into the Gull River. When it enters the Gull River the effluent has been processed and so completely purified that it is perfectly safe to drink. The new plant will have a sewage processing capacity of some 200,000 gallons a day, but could be capable of handling even more sewage in the future because of the expansion capacity built into the aerator-digester. The plant will require a two-man crew to run it once it goes into operation.

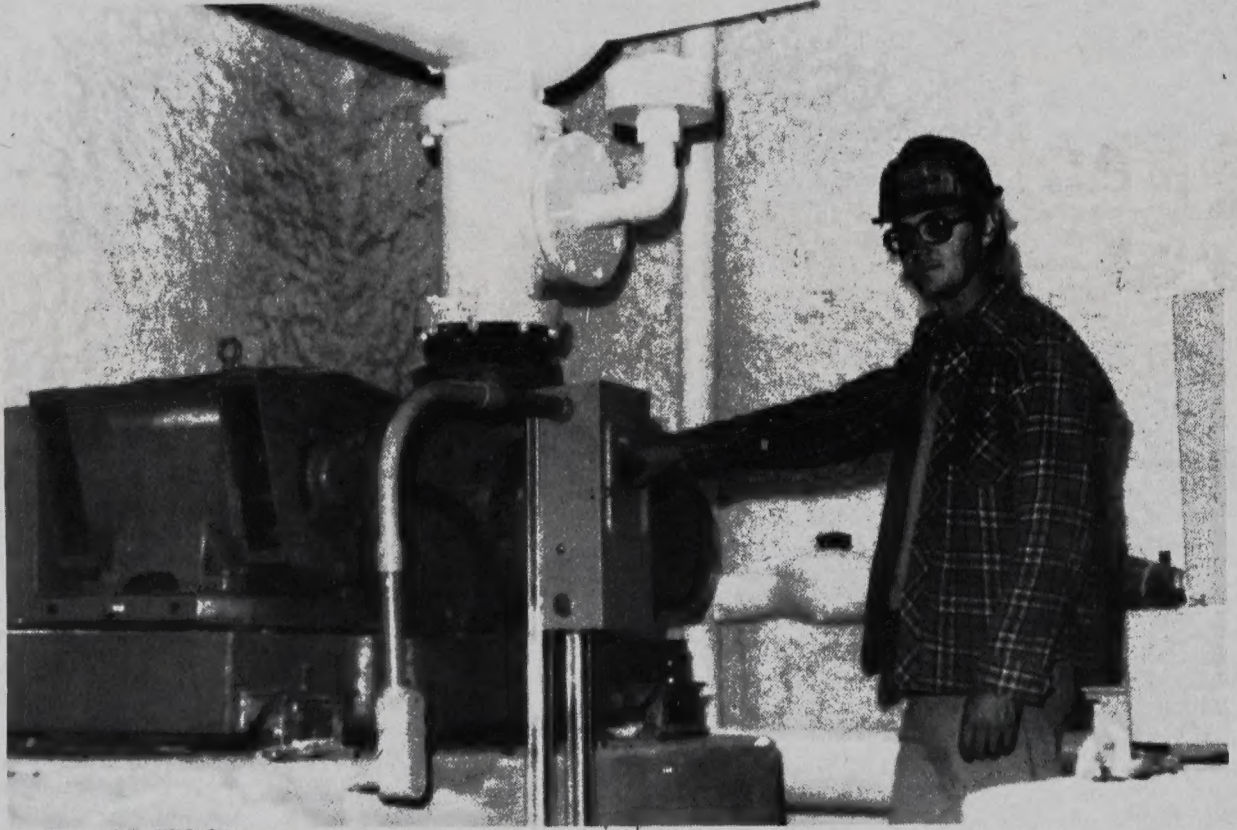

Minden's new sewage treatment plant showing the main building, left, and the 70-foot diameter sewage aerator-

digester, right.

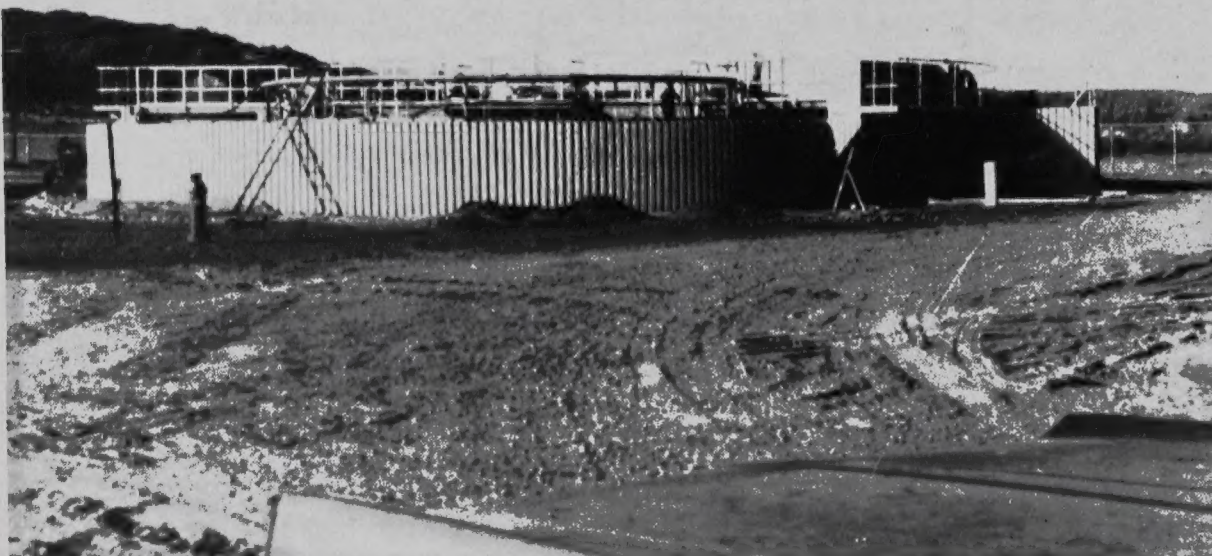

The clarifier or settling tank where solids are allowed to settle out of the effluent.

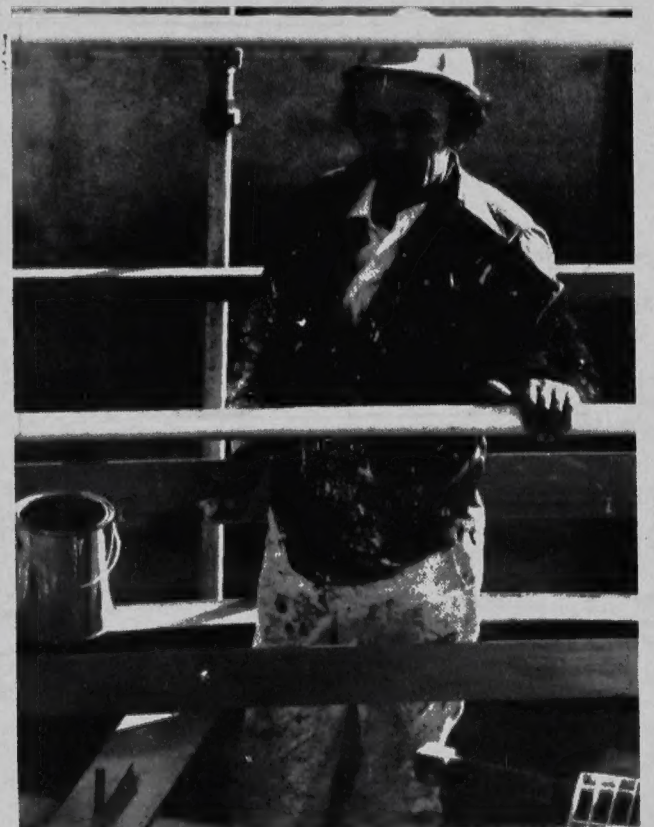

John Hutton, Tripp Construction's job superintendant on Minden's almost-complete sewage treatment plant adjusts

one of the two blowers used to aerate the sewage during treatment.

Nearly completed is this circular sewage treatment plant where incoming sewage first has grit removed, then goes

through an aerator-digestion process.

Worker Ned Brankovic of Hamilton busily paints the 70-foot diameter sewage treatment plant as the project is given the finishing touches.

STANHOPE NOTES

A.F. STEVENSON

Nesbitt upset over Hyland Crest medical officer appointment

While attending County Council meeting of September 20, 1978, we found Reeve Sinc Nesbitt in fighting form as he addressed that body when the committee report re Hyland Crest was presented by the committee chairman.

Reeve Nesbitt was particularly upset regarding the decision to renew the present arrangements for appointment of a medical officer for the Home. While assuring his listeners that he had high regard for the present medical officer, Reeve Nesbitt found fault with an arrangement that precluded appointment of a Minden physician. His objection lay in the fact that such an arrangement results in re-

sidents of Hyland Crest being hospitalized, when necessary, in Haliburton Hospital instead of in the Minden Hospital. Since there is some risk of the Minden Hospital being used for other than its present treatment purposes if there is not an increase in the in-patient use of the facility, Reeve Nesbitt pointed out quite forcibly that failure to make use of the Minden physician for the Home's residents has handicapped efforts to assure the continuance of Minden Hospital as it is at present being used. While the Reeve was not without support, County Council took no action to indicate that any change would be made in present contract arrangements.

Firemen quitting an uneasy solution

The problem existing in the Stanhope Fire Department for some time seems to have reached a sudden but uneasy solution during this past week. As the result of an unexpected vote among the firemen in which fourteen members of the volunteer department voted to continue under the status quo existing at the time of the recent suspensions within the department, ten members refused to take part in the vote and instead resigned from the department.

The loss of this number of men from the firefighting service has to be a matter of concern to the property owners and residents of Stanhope Township. This is particularly regrettable when it is considered that these men had lengthy periods of service with the department and had participated in activities to upgrade their firefighting ability and service to the community.

In the aggregate their attendance at fires had been substantial and many of them

had made a substantial labor contribution to the construction of the firefighters hall.

Almost all of those resigning are men who operate businesses in Stanhope Township and it is this writer's opinion that the community will hear from this group of citizens in a positive way as they are too community minded to disappear or lose interest in community activity. We are unaware at this moment of any new potential candidates for Township council, but it is almost a sure thing that the two issues referred to in this article will be raised in the election. It would also appear that a number of contentious issues will have to be dealt with by the future council, among these will likely be a restricted use by-law, county planning, airport improvement, establishing a public beach in Stanhope Township, the need to get a better deal for Stanhope in the matter of county educational cost apportionment.

Minden curling news

by Jim Garbutt

The Fall General Meeting of the Minden Curling Club was held Tuesday, Sept. 19 at the Club with over 50 people attending.

Discussion took place about the new proposed building, as well as reports from last year's committee chairpersons.

Club elections were held and Ed Pettinger was voted president, with Don Blakey 1st Vice pres., and Gwen Cox 2nd Vice pres. This year's secretary elect is Bev Millar with Helen Burton acting as treasurer. Five directors were elected: Alex Millar, Ron Reid, Brian Cross, Gareth Kellett and Jim Garbutt.

Past president J.O. Jackson expressed his gratitude to the Club for the effort and hard work on the part of the membership for the past two seasons. 'Harmony and hard work are the best ingredients for a prosperous club'.

A Club gold tourney is slated for Sunday, October 1 at

PROGRESS SPORTS

Angry ladies flail at umpires, league over game loss

by Roger Danilko

The final game of the series got under way at 6:45 in Carnarvon, Monday night with no lights. At the bottom of the fifth inning Minden Juniors led against Carnarvon 9-8 while playing under the moon. At the end of the fifth inning the umpire (husband of the coach, player and president of the league) left the field saying that he had stated that the game would be called at the end of the fifth inning

due to darkness. How would he be able to foresee darkness?????

No one on the Minden team, coaches, managers or players, were informed of this decision. Half of the Carnarvon players also did not know about this call. At this time it was 7:45, we later were informed that the umpire had an important meeting at 8:00 o'clock. Carnarvon won the game

11-9 against Minden Jrs. at the end of the fifth. Some of the Carnarvon players thought it was a very poor way to win and end the season. A decision was made that the game would be replayed under lights and the full seven innings. Later we were informed by the President (coach of the Carnarvon team) that she had decided the game

would not be replayed, so that it would be to her advantage. (Did they really win the game)? The Minden team would like to congratulate the umpire and his wife the coach of Carnarvon. Your scheming plan worked...CONGRATULATIONS!!!!!!!!!!!!!! In conclusion, the only reason that the Minden Jrs. started a new team was because last year when we played for the Minden team a lot of the players sat on the bench and watched all season instead of playing baseball.

We were taught in school and at home that in sports to win was not everything, as long as the game is fair and sportsman-like. When we started playing in the Ladies League we were shown that fairness and sportsmanship was not involved whatsoever. We were shown the best way to win was to get a crooked umpire like the Minden Srs. always seem to have, and to play an unfair game. At the beginning of the season we thought that we could have a good time playing baseball, where

everyone had a chance to play and enjoy themselves. But found to our surprise, we were taken advantage of by the more experienced teams because they did not think we knew what we were doing. Later when we stuck up for our rights they no longer wanted us in their league. We fought all season to get where we are, we think it's worth it. We would like to thank the Minden merchants who gave donations to the Minden Jrs. to get us started...THANK YOU.
The Minden Jrs.

1000 Lakes Bowling

News

by Joan Deyell

Members of the Board of Directors of the Ontario Bowlers Congress, at their meeting in Toronto on September 6, elected two new members to the Board of Directors to fill vacancies for the balance of the 1978-79 season. The new directors are Mr. Elwood Millar of Strathroy and Mr. Rheel Champagne of Brampton, Ontario. Both men will be popular choices with Ontario Bowlers Congress Members and Executives who have worked with them at the house and zone levels over the past several years,

and we know both will make a valuable contribution to the work of the Ontario Bowlers Congress Board. The two vacancies on the Board were occasioned by the recent resignations of Directors Bill Bird and Betty Reid. Both Bill and Betty were obliged to resign their elected positions on the Ontario Bowlers Congress staff in Scarborough. HAS BOWLED 450 GAMES Recently Mr. and Mrs. Roy Parnell joined the Golden Age bowling league at Carnarvon. Roy is a veteran bowler from Toronto and in

1949 he bowled a perfect game. His was only the second perfect game rolled in the history of 5 pin bowling at the time. His games that day were 435, 211 and then 450 giving him a very impressive 1,096 triple. Back in those days the five point corner pin had to be knocked down before you could count. Perhaps some of you bowlers still remember this method of counting. Congratulations Roy. 1000 Lakes Bowlers Association welcomes you to our district and we hope you have many more successes in our great sport of bowling.

Trent-severn Waterway News

REPAIRS AND MAINTENANCE IN THE NORTHERN AREA

Work crews are busy in the Northern Area of the Waterway this season. The Port Severn parking lot is being expanded slightly, with the addition of vegetation screening and better grading. At the end of navigation, work will begin on grouting and re-surfacing the Port Severn Lock - a structure that's done yeoman service since its construction in 1915. (There are long range plans to rebuild this lock completely, possibly around 1982 or '83).

The bridge at Lock 42 will be redecked, and the canal walls at the Highway 11 bridge crossing will be concreted. With the construction of the new control building at Lock 42, it's going to be a busy schedule for the Northern Area.

WATER CONTROL

The average storage level on the Haliburton Reservoirs declined to 57.4% by September 18, which was about 6% higher than the average for that date.

The Kawatha Lakes upstream of Buckhorn are generally slightly overfull due to recent rainfalls, but flows down the Otonabee remain near the long-term average for September.

Lake Simcoe-Couchiching level is 218.80 m, just 2 cm below the rule curve level of 218.82 as of September 22. Flow from Washago remains unchanged.

Chamber drops weekly column

by Bob Stinson

At the recent meeting of the Board of Directors of the Haliburton Highlands Chamber of Commerce it was decided that the Chamber column that has appeared in the local papers should be discontinued.

At least half a day a week went into the preparation of this column and the readership of it was becoming questionable. Chamber manager Bob Stinson suggested that one reason for this would be the vast improvement in the papers themselves over the past three years. There is now so much more worth while news coverage in the papers that the column no longer stands out as a feature. The column will be replaced with a regular issue of Newsletters to the membership. This of course will add to the expense of

the operation but good communication is felt to be of utmost importance. The Chamber will also institute a practice of providing the newspapers with news releases on all items of general interest that might have otherwise appeared in the column. It is hoped that a good spirit of co-operation can be developed with the media to provide as much information as in the past to those that desire it.

Charges follow 2 of 5 Saturday crashes

Damages totalled in excess of \$13,000 last Saturday in five area collisions that saw one driver suffer minor injuries and two others charged by police with careless driving.

Barry Sutcliffe, 17, of Brampton now faces a careless driving charge after his westbound car went out of control on Highway 121 Saturday afternoon, then turned backwards and struck an eastbound car driven by Tim Curry, 24, of Haliburton.

Curry suffered minor injuries while damage to the two vehicles amounted to some \$7,000.

Investigation by Provincial Constable Weldon Popp. Similarly, Terry Gaspari, 22, of Scarborough, was charged with careless driving after his westbound car went out of control on Green Lake Road, then into the ditch where it struck a tree. Damage totalled \$1,900.

Investigation by Provincial Constable Al Barnes. A boat and its trailer received an estimated \$1,000 damage in still another Saturday collision.

Stephen McNeillage, 26, of Locust Hill was northbound on Deep Bay Road when his boat-toting trailer came unhitched, snapped the safety chain and ended up in the ditch.

Investigation by Provincial Constable Al Barnes. A late model 'Jimmy' truck sustained some \$1,800 damage that same afternoon. Driver William Howe, 69, of RR 2, Minden told police he was eastbound on Hawk Lake Road when the 'Jimmy' went into the north ditch and rolled over.

Mr. Howe escaped unhurt. Investigation by Provincial Constable Al Barnes.

"A man of 60 has spent 20 years in bed and over 3 years in eating." Arnold Bennett

A collision at the entrance to a private driveway resulted in \$1,300 damage to the two vehicles involved Saturday evening.

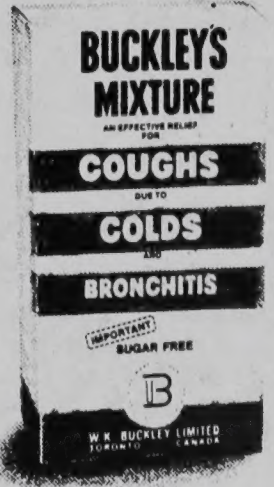

Robert Whitmore, 29, of Hamilton was southbound on Highway 35 when his car struck the rear of a pick-up truck as it attempted to turn into a private drive partly blocked with cars.

The truck, driven by Bertie R. Scott, 58, of Oshawa, received just \$100 damage while the Whitmore car sustained an estimated \$1,200 damages.

Investigation by Provincial Constable Jim Solway.

GOT A COUGH? GET RELIEF. YOU CAN DEPEND ON BUCKLEY'S MIXTURE.

Buckley's Mixture has been relieving coughs due to colds for over fifty years. It's a true expectorant that relieves congestion and soothes irritated membranes. And it's sugar-free. So it's a fine cough remedy for diabetics. Buckley's Mixture. It's just one great cough-fighter.

CORPORATION OF THE TOWNSHIP OF LUTTERWORTH NOTICE

The report of the Crown Attorney and the Investigating Officer on September 15th, 1978 lead to the following statement from Lutterworth Township:

1. There is evidence of abuse of the Lutterworth 'Bell Canada Credit Cards' by both the former Reeve and Deputy-Reeve, but the Crown Attorney states that there is a 'reasonable doubt' regarding criminal intent as there was no by-law covering their specific use.
2. The three members of Council were unaware that these cards existed.
3. The members of Council are now aware that the presence of credit cards should have been strictly controlled. This Council has had an expensive lesson to ensure this fact in the future.
4. The Crown Attorney has stated that both parties being investigated could have been prosecuted, and at considerable expense to the taxpayer.
5. The present Council feels that the electors of Lutterworth Township should make their decision on Election Day.

THE COUNCIL FOR THE CORPORATION OF THE TOWNSHIP OF LUTTERWORTH.

MISCIO - In memory of a dear father Mike, who passed away Sept. 25, 1977. Dad is such a special word A word that brings to mind A big warm smile, a healing hand, A way of being kind, Devotion to the family, A word of patience too. Dad is such a special word because it stands for 'you'. Lovingly remembered and sadly missed by daughter Ruby, son-in-law Eilwood and family. 39-1p

Indecent assault conviction brings year in jail

Gerald J. Morrow of Haliburton has been sentenced in Lindsay to one year in jail and three years probation following his conviction on charges of indecently assaulting two little Hal-

burton area girls early last summer. Morrow's probation terms prohibit him from being alone with anyone under 18 years during the entire probation period.

Advertising helps you to know.

TODAY'S CHILD

BY HELEN ALLEN

THE TORONTO SUN SYNDICATE

Harry is a friendly, pleasant boy, just turned 14. Along with the freckles he has reddish blonde hair and green eyes. He is sturdily built and in excellent health.

Because of a poor start Harry is behind in school, having just entered Grade 6, but he is average in ability. This young lad prefers adult company and he works hard to be liked. With his own age group his relations are sometimes strained, but he is trying to adapt to the inevitable give and take of getting along with other youngsters. There are no children in the area of his foster home, so Harry perforce spends much time alone. He enjoys long bicycle rides and has many favorite television programs.

Harry is eager to be adopted and to have a family of his own. He needs active parents who are warm and patient, firm and consistent, and who can help him develop confidence in himself. He should be the youngest or the only child in his adoption home.

To inquire about adopting Harry, please write to Today's Child, Ministry of Community and Social Services, Box 888, Station K, Toronto M4P 2H2. In your letter tell something of your present family and your way of life.

For general adoption information, contact your local Children's Aid Society.

A friendly boy

W.I. meeting

On September 20, Minden Women's Institute met at the home of the Marvin Bunkers for their afternoon meeting with Mrs. Lyman Cox presiding. She read a short verse 'Build a better you' and after the usual opening, the Roll Call of a 'Recycled Article' was replied to by 26 members and 4 guests were present. Mrs. Allan Taylor read the Card Report of 64 cards sent since the June meeting by convenor Irene Moore. Minutes and letters were read by Freda Hulbig and details given regarding the Bus Trip of Sept. 27. Announcement was made of the District Craft Day at Fenelon Falls United Church October 18 with members offering crafts or baking. Mrs. Hulbig and Mrs. Cox are drivers and members wishing to attend will contact them.

There will be a Special Collection taken at the next meeting to help our finances.

Delegate to Area Convention in November is Mrs. Sears, if possible.

Mrs. M. Bunker accepted appointment to Convenorship of Citizenship and World Affairs.

The School Fair Prizes are to continue as before with a letter to go to Mr. S. Baker regarding this and also he is to be advised that our Christmas meeting will be Dec. 20, so that the public school concert will not be on our date.

Collections for Cards and Pennies for Friendship were collected.

Mrs. Lorne Dawson, Convenor of Consumer Affairs, gave a paper on 'Our National Food Policy' and out

of it we learned many facts --Costs rose suddenly in 1973, about the Food Prices Review Board and its report - vague promises of reforms. Some Food Policy should come from the Green Paper but nutrition is still a factor. Mrs. Cox thanked the speaker and all responded with their 'hearty appreciation'.

There was a moment of silence in memory of a deceased member, Christine Lazler and the Lord's Prayer was followed by God Save the Queen and W.I. Grace.

The next meeting will be a week later, Oct. 25 at the Orange Hall at 2 pm and all newcomers are welcome to attend.

Draw was made for the Afghan made and donated by

Burning Rectal Itch Relieved In Minutes

Exclusive Healing Substance Relieves Pain As It Shrinks Hemorrhoids.

If you want satisfactory relief from 'Itching Piles'—here's good news. A renowned research laboratory has found a unique healing substance that promptly relieves the burning itch and pain—actually shrinks hemorrhoids. This substance has been shown to produce a most effective rate of healing.

In one case after another 'very striking improvement' was reported and verified. And most important... this improvement was maintained over a period of months.

All this was accomplished by a healing substance (Bio-Dyne)—which quickly helps heal injured cells and stimulate growth of new tissue. Now Bio-Dyne is offered in ointment and suppository form called Preparation H. Ask for it at all drug stores—satisfaction or money refunded.
